The Applicants appreciate the allowance of claims 1-7 and the indication in the Office Action that claim 14 was directed to allowable subject matter. Claim 13 is amended above to incorporate the limitations previously set out in claim 14, and claim 14 is canceled. Claim 13 and its remaining dependent claims, claims 15-18, should now be in condition for allowance. Claim 2 is amended above to clarify that the “circuit” referenced in the final line of the claim is the “logic circuit” referenced in the preamble of claim 1.

For all of the above reasons, the Applicants respectfully request reconsideration of claims 13 and 15-18, and allowance of those claims together with the previously allowed claims, claims 1-7.

1 If any issue remains as to the allowability of these claims, or if a further conference
2 might expedite allowance of the claims, the Examiner is asked to telephone the undersigned
3 attorney prior to issuing a further action in this case.
